

Tensas River National Wildlife Refuge

Public Use Regulations 2014-2015

Tensas River National Wildlife Refuge

Tensas River National Wildlife Refuge, established in 1980, is located in the Tensas River Basin in northeastern Louisiana. The Refuge is composed of extensive bottomland hardwood forests intermingled with sloughs, swamps, and lakes that support a tremendous diversity of wildlife. Public Use, including hunting and fishing, is governed by this brochure and the Code of Federal Regulations mentioned below.

General Regulations

Hunting and fishing regulations are designed to protect the sportsman and wildlife populations. The regulations below supplement the general regulations which govern hunting on National Wildlife Refuges as set forth in Title 50 of the Code of Federal Regulations. Hunting will be in accordance with applicable State regulations subject to the following conditions. **All activities are prohibited unless permitted by this brochure.** Prohibited activities include but are not limited to littering, camping/overnight parking, fires, use of metal detectors, and unleashed pets.

Required Permits

Refuge Access Permit (Required)

A Refuge Access Permit is required for all Refuge users. When signed and in your possession, the cover section of this Hunting and Fishing Regulations brochure serves as your permit for all Refuge hunts (except Quota Modern Firearms Deer Hunts) and other permissible activities, and acknowledges your understanding of the regulations contained herein. No permit is required

of anglers and boaters who do not travel on the Refuge road and/or launch on the Refuge as long as they do not get out of the boat onto the Refuge. Permits can be obtained at Refuge entry points, at the Visitor Center, and online.

Self-Clearing Permit (Required)

An orange Self-Clearing Permit (OMB Control No. 1018-0153) is required for all activities (hunting, fishing, hiking, bird watching, sight-seeing, etc.) on the Refuge unless otherwise specified. Self-Clearing Permits are not required for persons only traveling through the Refuge provided that the most direct route is taken and no activities or stops take place. Self-Clearing Permits can be obtained at Refuge entry points and at the Visitor Center. Self-Clearing Permits consist of three portions: Check-In, Check-Out, and a Vehicle Tag.

Check-In Portion: This top portion must be completed daily and put in a permit box prior to the day's activity.

Check-Out Portion: This middle portion must be carried by each person while on the Refuge. To complete the Self-clearing process, both front and back of the check-out portion must be completed, including hours spent, species hunted, and method, regardless of whether or not any game is harvested. This completed portion must be put in a permit box immediately upon exiting the Refuge at the end of each day.

Vehicle Tag Portion: Each person parking an automobile on the Refuge must leave his/her vehicle tag (bottom portion of card) on the dashboard of the vehicle used to enter the Refuge with the date

and permit number facing up so that they can be easily read from outside of the vehicle. Each person riding in the vehicle should also display their vehicle tag so that all permit numbers can be read from outside of the vehicle. This must be done only when the vehicle is parked and left unattended on the Refuge.

Refuge Access During Hunting Season

No individual may enter the Refuge earlier than 4 am and must exit the Refuge no later than two hours after legal sunset unless they are participating in the nighttime raccoon hunt. During Refuge-wide open youth, antlerless, quota modern firearm, and primitive weapon deer hunts, all other public use (including but not limited to small game hunting, archery hunting, scouting, birdwatching, hiking, etc.) is prohibited.

Motor Vehicles and ATVs

All motor vehicles are restricted to normal passenger vehicle roads. Roads and trails may be closed to vehicle use due to adverse conditions. We allow ATV travel on designated trails for access from September 15 to January 31 by permit only. ATV travel is prohibited on Refuge roads. We define an ATV as an off road vehicle (not legal for highway use) with factory specifications not to exceed the following: Weight 750 pounds, length 85 inches, width 48 inches, and tires no larger than 25" x 12" with maximum 1" lug height and maximum allowable tire pressure of 7 PSI. The speed limit on all Refuge roads and ATV trails is 25 MPH unless otherwise posted. ATV trails may only be used from 4 am until two hours after legal sunset.

This is an Annual Permit. To save tax dollars, please use this permit for the entire season.

Tensas River National Wildlife Refuge 2014-2015 Refuge Access Permit

When signed and in your possession, this portion of the brochure will serve as your permit for all refuge hunts and other permissible activities, and acknowledges your understanding of the regulations contained herein. All game taken during any hunt must be reported at a self-clearing check station nearest point of take.

Signature (Permits are not transferable)
(Valid only when signed)

No trailers may be pulled behind an ATV. Bicycles are permitted on roads and maintained trails. Using an ATV to travel off of a designated trail in order to retrieve game, or for any other reason, is strictly prohibited.

All-Terrain Vehicle (ATV) Permit

To assist in ATV trail maintenance, an ATV user permit is required and must be permanently affixed to the left side of the gas tank on all ATVs used on the Refuge.

2014-2015 ATV Permits can be obtained online, by mail, or in-person at the Visitor Center beginning September 2, 2014. ATV Permits are valid from September 15, 2014 through January 31, 2015.

Online: ATV Permits may be purchased online at <http://www.tensaspermits.com> using major credit cards, debit cards, or electronic bank drafts. Please allow at least two weeks for processing and mailing. Tensas River NWR and Kinsail Corporation will not be held responsible in any way for individuals failing to receive their permits on time by mail, even if an expedited shipping option is selected. ATV users **MUST** have the actual sticker permanently affixed to their ATVs; receipts and/or other proofs of purchase will not be accepted.

In-Person: ATV Permits may be purchased in-person at the Visitor Center during office hours from September 2, 2014 through January 31, 2015. **Cashier's checks or money orders only. NO CASH OR PERSONAL CHECKS WILL BE ACCEPTED AT ANY TIME!** Only cashier's checks or money orders made payable to U.S. Fish and Wildlife Service will be accepted.

By Mail: If you wish to purchase your ATV Permit by mail, please call Kinsail Corporation for more information at 703/994 4194.

Louisiana Black Bears

The Louisiana black bear is listed as a threatened species under the provisions of the Endangered Species Act of 1973. It is unlawful for anyone to take, harass, disturb, and/or harm any Louisiana black bear. All Refuge users are encouraged to carry bear spray and visit the Refuge website for more information (http://www.fws.gov/refuge/tensas_river/).

NEVER FEED OR APPROACH BEARS.

Always use good hunter ethics and make sure of your target. The Louisiana black bear can be mistaken for a black feral

hog in palmetto or heavy cover; so always clearly identify your target. Read the U.S. Fish and Wildlife Service brochure "*Hunting in Louisiana Black Bear Habitat*" for more information.

Specific Fishing Regulations

Sport Fishing

State creel limits and regulations apply.

Trotlines

Trotlines must be attached with a length of cotton line that extends into the water; must be tended at least once every 24 hours and reset when exposed by receding waters. Trotlines must be removed when not in use.

Frog Hunting

Frog hunting may occur by any legal means in the Tensas River and Indian Lake only. State bag limits and seasons apply.

Boating

State regulations apply. Boats may not be left overnight on the Refuge. We allow non-motorized boats, electric motors, and outboard motors not greater than 10 HP to be operated in all Refuge lakes, streams, and bayous with the exception of Indian Lake and the Tensas River. Outboard motors greater than 10 HP may be used in Indian Lake and the Tensas River according to state regulations. All motorized boats must utilize navigation lights according to State regulations.

Specific Hunting Regulations

Hunters are authorized to take only species listed within this brochure. Harming or needlessly disturbing any plants or other wildlife is prohibited.

Prohibited Activities

- Hunting, or shooting within 150 feet of a designated public road, Refuge maintained road, trail, fire breaks, dwellings, above ground oil or gas or electrical transmission facilities or designated public facility. A maintained road, fire break, or trail is defined as one which has been mowed, disked, or plowed and is free of trees.
- Possession or distribution of bait while in the field and hunting with the aid of bait, including any grain, salt, minerals, or any non-naturally occurring food attractant on the Refuge
- Spot-lighting; use of artificial light to locate wildlife
- Blocking trails, gates, or roadways with vehicles

- Use or possession of night vision equipment
- Possession of limb saws, tree cutting saws or any other equipment of this nature
- Man-drives for game
- Use or possession of deer and male turkey decoys
- Use of or installation of remote trail cameras
- Collecting or harvesting any articles of antiquity, plants, animals or parts thereof is prohibited unless specifically authorized by this permit
- Use or possession of alcohol while hunting
- Trapping
- Target practice
- Use or possession of any type of material to be used as flagging or trail markers, except bright eyes, and reflective tape
- Field dressing game or cleaning fish within 150 feet of parking areas, maintained roads, or trails

Youth Hunters

Youths are defined as those individuals 17 years of age or younger. Youths under the age of 16 may hunt without hunter education certification if they are accompanied by and under direct supervision of a person born before September 1, 1969 that has a valid hunting license; or they are accompanied by and under the direct supervision of a person who is 18 years of age or older and has proof of successful completion of a hunter education course approved by Louisiana Department of Wildlife and Fisheries.

Direct supervision means that the person being supervised is within a normal audible voice contact and in direct line of sight of the supervising person at all times while hunting. The supervising adult is responsible for ensuring that youth hunters do not engage in conduct that would constitute a violation of refuge regulations. Persons supervising youth hunters are responsible for violations of laws and regulations committed by the youth hunter(s) they are supervising while on the Refuge.

Physically Challenged Hunters

Hunters under 60 years of age who wish to use the Refuge's Physically Challenged ATV trails must possess LDWF's Physically Challenged Hunter Permit. More information about this program can be found at

<http://www.wlf.louisiana.gov/permit/physically-challenged-hunter-permit>.

Hunters 60 years of age and older may use the trails without LDWF's Physically Challenged Hunter Permit. Physically challenged users may carry one person on their ATV to assist them. Physically challenged users are encouraged to consult with Refuge staff for available options and alternatives that may make their visit more enjoyable.

Firearms and Ammunition

Persons possessing, transporting, or carrying firearms on Refuge must comply with all provisions of state and local laws. Refuge users may only possess approved nontoxic shot while on the Refuge, with the exception that lead shot is allowed during turkey hunting season only. Use and/or possession of buckshot is prohibited.

Treestands and Ground Blinds

Deer hunters may not leave deer stands unattended before the first day of archery season and must remove stands by the last day of the Refuge archery season. Each hunter can only bring one stand. If left unattended, the stand must be clearly marked with the name and address of the owner. Portable stands must be removed from trees daily and free-standing stands must be placed in a non-hunting position when unattended.

Climbing trees by driving nails, spikes, or other metal objects; using a tree that has existing nails, spikes or metal objects; or using climbing spikes; or screw-in accessories; or possession of such items is prohibited. Hunting from deer stands left attached to trees (climbing, loc on, leaning) or in free-standing stands left in hunting position overnight is prohibited.

Ground blinds must be placed in non-hunting position when unattended. If left unattended, the blind must be clearly marked with the name and address of the owner. Deer hunters hunting from concealed ground blinds must display a minimum of 400 square inches of solid hunter orange above or around their blinds that is visible from 360 degrees.

Signs

This sign marks the outer Refuge boundary. Public entry by foot is generally authorized during legal hours on Tensas River NWR. Boundaries are also designated by yellow paint on trees.

This sign means that the area is closed to all public entry. Do not trespass behind this sign for any reason other than emergency. Closed Areas are also designated by red paint on trees.

This sign means that the area is closed to hunting. This area can be walked across as long as your firearm is unloaded.

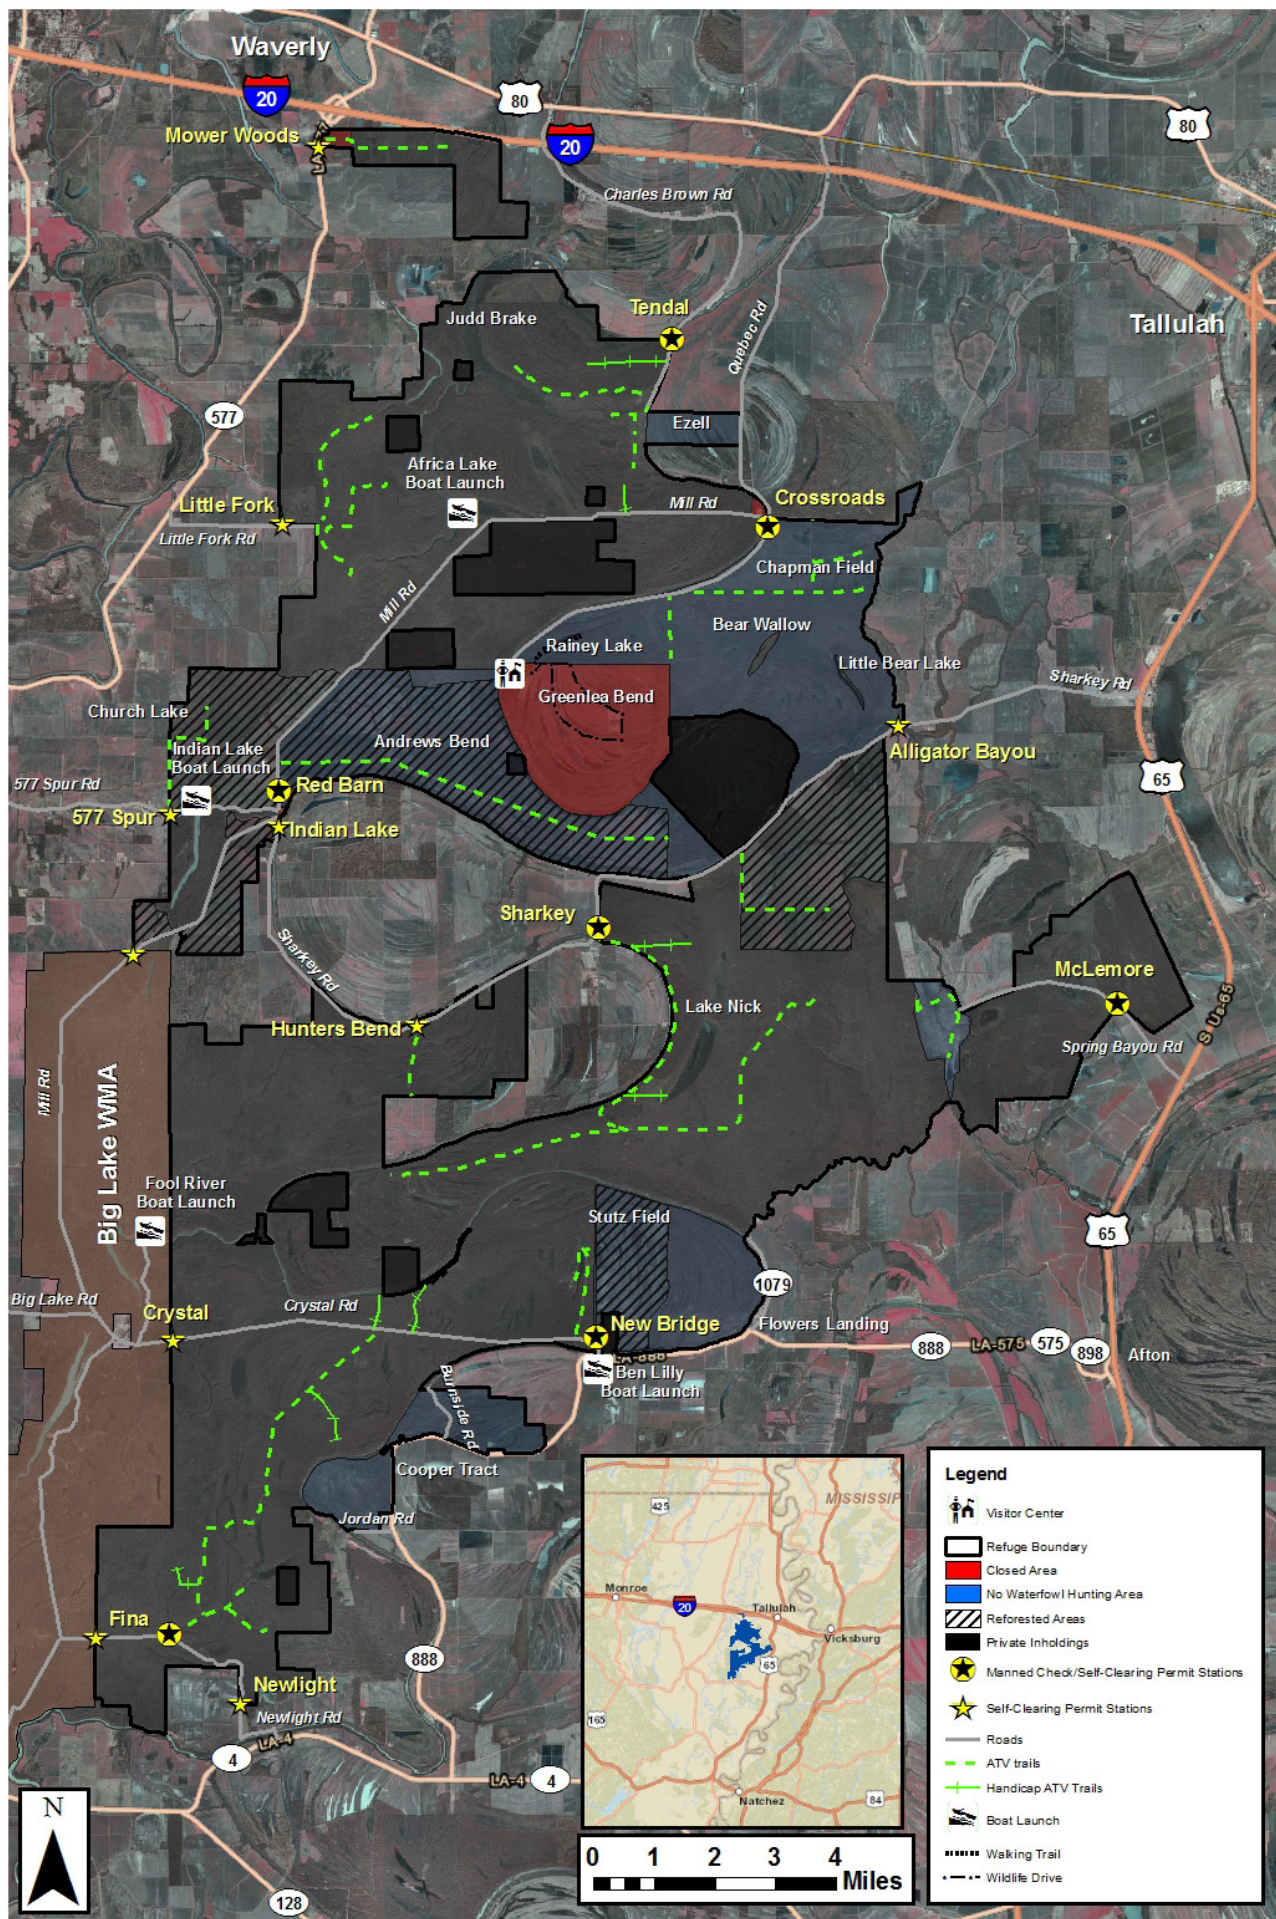

2014-2015 Hunting Seasons

State tagging system, bag limits, and regulations apply unless otherwise specified.

All deer and turkey harvested on the Refuge must be validated according to state regulations by calling 866/484 4805 or going online (www.la.wildlifelicense.com), even if checked at a manned check station.
